# Hi! I'm
Arian Haghighi

arianhaghighi72@gmail.com | www.haghighi.tech

I'm Arian Haghighi a software engineer based in Iran, I was born in 2005 and started programming when I was 15 and since then I have fallen in love with it, programming isn't my job it's a big part of my life and without it I can't live.
If you are looking for a person that knows what is commitment and responsibility I will be happy to work with you.
